JOHN TESH RADIO SHOW- 3/13/12

FIRST BREAK OF HOUR 2

JOHN

Welcome back to The John Tesh Radio Show. If you have listened to my show for an extended amount of time, you probably know by now that I tend to be a bit of a germ freak. However, nobody is a bigger germ freak than my buddy, Howie Mandel, so I thought I'd have a little fun with him, and test his knowledge of germs. Hey Howie!

HOWIE (ON PHONE)

(response)

JOHN

You have taught me over the years on how to stay germ free, so my staff has come up with some questions here to see just how much you know about what has more germs. You ready?

HOWIE (ON PHONE)

(response)

JOHN

Okay, Which has more germs? A) A Park Sandbox or B) A Restaurant Tray

HOWIE (ON PHONE)

(response)

JOHN

A park sandbox has 7,440 germs versus the restaurant tray which has 204. Next question, again which has more germs? A) Store Shopping Cart or B) School Computer Mouse

HOWIE (ON PHONE)

(response)

JOHN

The mouse wins here with 23 versus the shopping cart which has a surprising low number of just 2. Last question, Howie. True or False: An arcade video game controller has more germs than a cafeteria water-fountain spigot.

HOWIE (ON PHONE)

(response)

JOHN

That's right, false, a game controller has 551 and the water-fountain spigot has a disgusting 62,000. Thank you, Howie, and you can catch his show "Mobbed" on Fox. Check your local TV listings, and, by the way, if you want to take the full germ test, go to my website, Tesh.com

(commercial break)

Side Note:

I got that info from the following website:
